Congressman Peter J. Roskam

Bloomingdale, IL 60108

The Honorable Mr. Peter J. Roskam

Dear Sir,

My mail on this April 18th included an attractive, full color brochure from your office. The information on resources available to your constituents is timely and helpful. "How Can Your Congressman Help You?" is your question. Well, Mr. Roskam, I do have a problem that needs your personal assistance. It revolves about an **unreceived** rating earned during my U.S. Navy active submarine service that was not credited to me. - CNO

In 1952 I went on active duty with the USNR, to report to New London CT. Submarine School for further training, and following that to the the USS Atule as a crew member. During this time I advanced to Seaman 1st class and qualified as a **sumariner** (SS). Thus eaxned and. given the rate of SN(SS). Now the hard part.

After about a year on board, I requested the study material for the examination to photographers mate, knowing that this rate was unusual for a submariner at that time. As I was **employed** as a

- 2 -

commercial photographer with National Aluminate Corp. (Nalco) prior to active service, it was a natural for me. The request was granted and I completed the course work without difficulty. (Enclosure #1) There after I was used as a photographer shooting photos, examples being pictures of Subs diving or surfacing viewed from a destroyer escort (DE) in the training area. Periscope pictures of Soviet vessels in the Barents Sea included developing and printing my photos and releasing them to the wardroom. All this including my regular duties as a seaman.

The paperwork for my promotion was forwarded to BuPers and after a lengthy time was returned to the Atule noting that I was "sent" up the wrong ladder for advancement, and to correct this error and return to BuPers. (Enclosure #2) Additional time passed and as I waited the COB (Chief-of-the Boat) on shore one night commented " You will be receiving the rating, but probably will be transferred to the surface fleet". The important thing to remember is that this occurred in December 1953, and I was close to being released from active duty.

The last correspondence dated December 15, 1953 agrees with the above except for the comment that the "Fleet Wide" multiple scores were not high enough to place me among those to be advanced. (Enclosure #3) This paperwork was filled out on the boat, signed by officers and marked failed, without exam, no scores indicated. As I was a reservist and soon to be released from active duty in March, It strongly appears this was a way to deny my promotion and clear their desks. I was released in January 1954 earlier than expected.

Then why am I so dissatisfied now? There is an abundance of paperwoxk on hand to support my allegations. The Naval Board of Corrections can't read between the lines and attach their: reason to

- 3 -

the "Fleet Wide" test which was never given. Asked where the scores are "they cannot be found after this lengthy time". The truth is the scores never existed. To sum this up, sir, I was stiffed.

Mr. Roscam, please understand that I am reminded of this ongoing issue each time I attend a boat reunion or USSVI meeting. Essentially this problem will not go away as all the evidence strongly suggests that my promotion was misshandled, then put aside. The Navy Board of Review leans heavily on the FWT (Enclosure #3a) with no scores indicated, and marked "failed". They cannot produce scores of any kind. (Enclosure #3b), The Navy is shy to admit any errors on their part no matter the preponderance of the evidence.

Then I would like you to read the attached letter of recommendation from Lt. (b) (6) of the Atule, (Enclosure #4). Notice the third paragraph where Lt. (b) (6) states that "he has completed all of the requirements for photographers mate".

To summarize my request, Mr. Roscam, the attached enclosures show that I successfully completed the coursework for PH3 with a score of 3.30 12/12/52.

The Navy code number for this rating was changed July 1, 1953. The paperwork from the Atule was submitted late in August 1953 and a Fleet Wide test was marked "failed" at that time. The Navy has been unable to produce any evidence of failure on my part. Therefore I request that my completion of coursework for PN3 be grandfathered to a date before the code was changed on 7/1/53, and that I be granted the rating PH3 that I deserve, along with the rate PO3 and PO2 (Enclosure #5) which I qualified for on 12/12/52', that same day.

In conclusion I request that you personally contact an actionable party to achieve this goal. If you cannot assist me personally, please

- 4 -

send me a list of capable Naval attorneys.

TO WHOM THIS MAY CONCERN:

(b) (6) has served aboard this ship for one and one half years. During this period he has performed his duties in an outstanding manner. The complex nature of submarine duty requires versatility and individual initiative which (b) (6) has displayed. This would prove a valuable asset to any employee\*.

In recommending (b) (6) it must be noted that he has the rare ability to concentrate for long periods of time and accept responsibility with personal interest. His pleasant personality has permitted him to work and live under difficult conditions with other members of the crew.

(b) (6) previous experience in photography and interest in furthering his knowledge in this field has been of great value to the service. He has completed all of the requirements for photographer's mate. His good technical foundation has enabled him to adapt and improvise standard equipment to any photographic operation. It is with regret that Parquette is leaving the service for we are losing an outstanding man.
